

Mme Danielle Frezza Wong Seen
1945 - 2020
In Montreal, on July 18, 2020, at the age of 74,
passed away Danielle Wong Seen (Frezza)

It is with great sadness that we learned of the passing of Danielle Wong Seen. Seeing one of our own leave is never easy. Danielle joined the board of directors of the Sjögren Syndrome Association on December 5, 2018. She left an impression on us with her fair interventions, her unifying side and her desire to make her contribution to each of our initiatives. During her medical consultations, despite the illness and her suffering, she wanted to inform the nursing staff about Sjögren's syndrome, a little-known disease. His contribution to the mission of our organization was exceptional. It was a privilege to have known her. We will miss her.

She leaves to mourn her children, Fanny and Anthony (Catherine), as well as their father, Jacques. She also leaves to mourn her two grandchildren, Victor and Aude, her sister Suzanne and her brother Nicolas (Ginette), her nieces Marie-Christine (Tony), Michèle, Mélissa, Emiko and Mariko, her nephew Michael, her beau -brother Pierre Wong as well as his wife Naomi, his companion and lover of the last 10 years, André Gervais, several cousins as well as many friends.

Danielle has worked in public relations all her life, working among others in the fields of politics and communications.

His endearing personality and his joie de vivre have allowed him to forge many connections. She has always been a unifying figure, both generous and discreet. Empathetic, funny and deeply human, she leaves behind laughter and excellent memories.

The members of the board of directors as well as the volunteers of the Sjögren Syndrome Association would like to offer their most sincere condolences to the family.
