

By making a donation to our organization, you are helping people with Sjögren's disease and their loved ones while supporting our mission. All donations received are used entirely to promote and advance research on Sjögren's disease.

To accomplish its mission, the Association has four main objectives:

- to reach the greatest number of people with Sjögren's disease;
- to make available as much information about the Sjögren as possible;
- to provide support and comfort to people with Sjögren's disease and their families in order to limit the negative effects of the disease on their daily lives;
- to raise funds to develop and offer more services to people with Sjögren's disease and their loved ones, and to encourage research.
